Cutting-Edge Sports Medicine Complex to Serve Athletes of All Levels

Springfield Memorial Hospital to Unveil New Mark Banks Sports Medicine Complex

SPRINGFIELD, PA – 11/30/2024 – Join the Springfield Memorial Hospital on Tuesday, February 4th at 4 p.m. for the grand opening ceremony of the Mark Banks Sports Medicine Complex, the future home to the highest standards in sports medicine.

A proud board member of the Springfield Memorial Hospital, Mark Banks served as the head football coach of the Springfield High School Bulldogs for 27 years, leading the team to three AAA Pennsylvania State Championships. Banks spent his career advocating for the health of his athletes and supporting Springfield Memorial's efforts to serve the community until his passing in January 2024. Banks was a proud advocate for the sports medicine complex in its early stages, and it will be named in his honor.

Banks' wife and children will be cutting the ribbon of the complex at the February ceremony, accompanied by his longtime friends Pittsburgh Steelers Hall of Famer Lynn Swann and "Batman" star Michael Keaton. Swann and Keaton will be available to mingle with the community in the complex lobby over light refreshments, and attendees are encouraged to participate in an engaging tour of the facility to learn more about the resources available.

The event is open to all, and a livestream will be available on the Springfield Memorial Instagram and Facebook accounts @SpringfieldMemorial.

Located in the heart of Eastern Pennsylvania, Springfield Memorial Hospital has proudly served the city of Springfield and the surrounding area since 1908, providing exceptional patient care and cutting-edge services. With 450 beds spread across its three campuses, Springfield Memorial Hospital is committed to providing holistic care. From preventive care and check-ups to health education, the hospital strives to foster wellness within the Springfield community and beyond.
